This hands-on workshop will provide an overview of finding resources for literature reviews in mathematics. Students will be exposed to a variety of resources, and to effective searching techniques. Students are to arrive with topics in mind (and posted via CI Learn); each should leave with full-text articles either in hand or on their way to them via Interlibrary Loan.

Bring a laptop! (Check out from the main desk as needed)

Broome Library 2325
Social 5:30 p.m.; Presentation 6:00 to 7:00 p.m
