

## *Undergraduate Math and Physics Seminar*

### Title: Mathemagics and Card Tricks

**Speaker: Dr. Garcia**  
*CSU Channel Islands*

**Abstract:** There are two types of card tricks in this world: cheating tricks and math tricks. Some of each will be presented and revealed. During this talk some math card tricks will be shown, explained and you will have the opportunity to practice them. Do you want to impress your friends? Then make sure you bring your own deck of cards as well as some friends. Young children are welcome!

**When:** Monday, February 1<sup>st</sup>, 2016, 4:30-5:20 pm  
**Where:** CSUCI, Del Norte 1530
