

Undergraduate Mathematics Seminar

Topic: Teacher Efficacy

Speaker: Margaret Mart

Abstract: Teachers are expected to accomplish a multitude of objectives within their classrooms. The unique set of skills, beliefs, and goals a teacher possesses play an essential role in aiding the success of the class. Being cognizant of the skills one brings with them into the classroom can bolster their confidence to effectively accomplish all teaching-related tasks.

When: Monday, September 20, 2021, 4:30 pm - 5:20 pm
