Undergraduate Math and Physics Seminar

Twenty First Century Learners

Veronica Solorzano

Abstract: Ultimately the goal for educators is the success of all students as twenty first century learners. Educators use various strategies to help them obtain this goal. For students to obtain success, educators have to facilitate the learning process. They have to establish clear expectations. A safe learning environment, where students are encouraged to be risk takers, needs to be created with agreed norms.

When: Wednesday, April 15, 2015, 4:30-5:20 pm

Where: CSUCI, Del Norte 2530
