

# 13th WiMSoCal 2020

Symposium for Women in Mathematics in Southern California

Saturday, March 7 - Sunday, March 8  
University of California, Irvine

Keynote Speakers:

Ranthy Clark, Ohio State University

Aisha Najera, RAND Corporation

Erica Graham, Bryn Mawr College

Special Screening of *Secrets of the Surface: The Mathematical Vision of Maryam Mirzakhani* with documentary creator **George Csicsery**

Filmed in Canada, Iran, and the United States *Secrets of the Surface: The Mathematical Vision of Maryam Mirzakhani* examines the life and mathematical work of Maryam Mirzakhani, an Iranian immigrant to the United States who became a superstar in her field. In 2014 she was both the first woman and the first Iranian to be honored by mathematics' highest prize, the Fields Medal.

- Learn about the research of other women in Southern California
- Present your work in a supportive environment
- Network with other Southern California women mathematicians
- Explore issues surrounding being a woman in

All are welcome!
