

Undergraduate Math and Physics Seminar

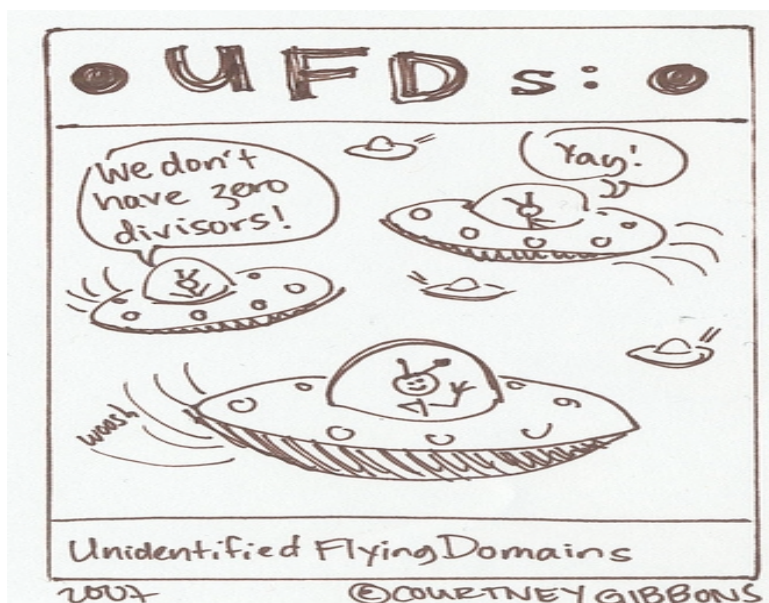

Three ways of generalizing unique factorization domains

Dr. Hwankoo Kim

Hoseo University, South Korea

Abstract:

In this talk, we first give the definition of a unique factorization domain (UFD). Then we will consider at least three possible ways to generalize the notion of a UFD.

When: Monday, November 21, 2016, 4:30-5:20 pm

Where: CSUCI, Del Norte 1530
